## PROFESSIONAL PROFILE

- Recent graduate of a Web Development Certificate program at SAIT
- Ability to work with front-end applications as well as full-stack development
- Ability to work effectively as part of a team, demonstrated through multiple group projects
- Problem-solver with the ability to investigate and resolve issues in a timely manner

## TECHNICAL SKILLS

- Javascript - React
- CSS - Tailwind
- HTML

## EDUCATION

### Web Developer Certificate

Southern Alberta Institute of Technology, Calgary AB

September - December 2024

## RELATED EXPERIENCE

### Golden Wheat Bakery | November - December 2024

Contributed to back-end development for a website of a small e-commerce business

- Developed and maintained product, cart, and cart item databases using Express.js and Mongoose to support e-commerce functionality
- Implemented secure user authentication using JWT tokens, enhancing security for user sessions and data integrity.

### Project Nexus | 2 week Capstone Project for SAIT

Developed a fully functioning website

- Developed a fully functioning website in 2 weeks, implementing user sign-up and authentication with Supabase and React.
- Built secure pages and protected routes using Supabase for authentication and role-based access.
- Styled the website with Tailwind CSS, ensuring responsive and modern design.
- Integrated and worked with an external API to enhance site functionality.

## **OTHER EXPERIENCE**

**Subway** | September - December 2024

*Sandwich Artist*

Collaborated with team members to maintain a clean and efficient workspace, demonstrating strong teamwork and communication skills.

Managed multiple tasks in a fast-paced environment, showcasing critical thinking and detail orientation.
